ARC AUSTRALIAN LAUREATE FELLOWSHIPS
Investigators - Professor Sharon Parker, UWA Business School
Project Title - 'Transformative Work Design for Health, Skills and Agility'
Award - (2016-20)

ARC DISCOVERY EARLY CAREER RESEARCHER AWARDS
Investigators - Dr Kynan Gentry, School of Social Sciences
Project Title - 'The Presence of the Past: Historic places and community identity in Australia'
Award - $330,757 (2016-18)

ARC LINKAGE PROJECTS
Investigators - Professor Richard Hobbs, School of Plant Biology, Mr Michael Renton, School of Plant Biology, Dr Geoffrey Barrett, WA Department of Parks & Wildlife, Doctor Vicki Stokes, Alcoa World Alumina Australia, Mr Ronald Johnstone, WA Museum
Project Title - 'Changing water availability and the conservation of wide-ranging species'
Award - $392,000 (2016-18)

Investigators - Professor Gary Kendrick, School of Plant Biology, Doctor Kingsley Dixon, Curtin University of Technology, Professor Robert Orth, Virginia Institute of Marine Science
Project Title - 'Circumventing demographic processes that limit seagrass restoration'
Award - $370,000 (2016-18)

Investigators - Associate Professor Kevin Pfleger, UWA Centre for Medical Research, Dr Karl Rosengren, University of Queensland, Professor Stephen Hill, University of Nottingham, Dr Giovanni Abbenante, BMG Labtech Pty Ltd, Dr Keith Wood, Promega Corporation, Dr James Williams, Dimerix Bioscience Pty Ltd
Project Title - 'Development of technologies to monitor multimolecular complexes'
Award - $499,000 (2016-18)

 Investigators - Professor Dongke Zhang, School of Mechanical and Chemical Engineering, Professor Yinong Liu, School of Mechanical and Chemical Engineering, Doctor Shaobin Wang, Curtin University of Technology, Professor Hong Yang, School of Mechanical and Chemical Engineering, Dr Jianglong Yu, University of Newcastle
Project Title - 'Manufacturing High Value Carbon Products and Chemicals from Spent Tyres'
Award - $750,000 (2016-19)

Investigators - Professor Alistair Paterson, School of Social Sciences, Professor Andrea Witcomb, Deakin University, Mr Alec Coles, WA Museum, Professor Elizabeth Lydon, School of Humanities, Professor Stephen Hopper, Centre of Excellence in Natural Resource Management, Emeritus Professor Jennifer Gregory, School of Humanities, Dr Shino Konishi, School of Humanities, Associate Professor Jacqueline Van Gent, School of Humanities, Dr Toby Burrows, University Library
Project Title - 'Collecting the West: How collections create Western Australia'
Award - $750,192 (2016-19)

Investigators - Winthrop Professor David Blair, School of Physics and Astrophysics, Associate Professor Li Ju, School of Physics and Astrophysics, Dr Mark Dransfield, CGG Aviation (Australia) Pty Ltd
Project Title - 'Advanced gravity and electromagnetic methods for uncovering the deep Earth'
Award - $461,000 (2016-18)
Investigators - Associate Professor Vincent Wallace, School of Physics and Astrophysics, Dr Charles Bond, School of Molecular Sciences, Dr Robert Falconer, University of Sheffield, Dr Christopher van der Walle, MedImmune Ltd, Doctor Phillip Taday, TeraView Ltd
Project Title - 'Interrogating protein hydration by terahertz time-domain spectroscopy'
Award - $270,000 (2016-18)

AURECON AUSTRALASIA PTY LTD
Investigators - Mr Matthew Fraser, School of Plant Biology, Professor Gary Kendrick, School of Plant Biology
Project Title - 'Cause Effect Pathway for Seagrass Diebacks in Naval Waters and Across Cockburn Sound'
Award - $81,818 (2016)

AUSTRALIAN INSTITUTE OF CRIMINOLOGY
Investigators - Associate Professor Hilda Tubex, Law School, Professor Harry Blagg, Law School, Doctor John Rynne, Griffith University
Project Title - 'Building an effective community-based throughcare approach for Aboriginal offenders in Australia'
Award - $50,160 (2016)

AUSTRALIAN INSTITUTE OF MARINE SCIENCE (AIMS)
Investigators - Professor Shaun Collin, Oceans Institute, Professor Peter Davies, Office of DVC - Research
Project Title - 'AIMS/UWA Postdoc Funding'
Award - $894,692 (2015-17)

AUSTRALIAN NATIONAL UNIVERSITY EX ARC DISCOVERY PROJECTS
Investigators - Dr Ilya Shadrivov, Australian National University, Dr Mariusz Martyniuk, School of Electrical, Electronic and Computer Engineering, Dr David Powell, Australian National University, Dr Buddhika Silva, School of Electrical, Electronic and Computer Engineering, Professor Willie Padilla, Duke University
Project Title - 'Tunable metamaterials for terahertz and infrared applications'
Award - $197,000 (2016-18)

AUSTRALIAN SOCIETY OF EXPLORATION GEOPHYSICISTS (ASEG)
Investigators - Dr Sandra Occhipinti, School of Earth and Environment, Ms Heta Lampinen, School of Earth and Environment
Project Title - 'Defining Mineral Systems footprints in the Edmund Basin of the Capricorn Orogen'
Award - $9,000 (2016-17)

BHP BILLITON IRON ORE PTY LTD
Investigators - Dr Crystal LaFlamme, School of Earth and Environment, Associate Professor Marco Fiorentini, School of Earth and Environment
Project Title - 'Isotopes Analysis of the Tertiary Detrital Sequences’
Award - $8,715 (2016)

Investigators - Mr Ian Murray, Law School, Mr Giovanni Fardin, Law School
Project Title - 'Indigenous Benefits Management Structure Review Project'
Award - $75,520 (2016)

BUNNINGS GROUP
Investigators - Emeritus Professor Jennifer Gregory, School of Humanities, Ms Lucy Hair, School of Humanities
Project Title - 'Historical Research Project'
Award - $32,482 (2016)

CANCER COUNCIL OF WESTERN AUSTRALIA
Investigators - Dr Pilar Blancafort, UWA Centre for Medical Research, Dr Andrew Redfern, School of Medicine and Pharmacology, Professor Christina Curtis, Stanford University, Associate Professor Evan Ingleby, UWA Centre for Medical Research, Dr Andrew Woo, UWA Centre for Medical Research, Dr Nicolas Taylor, ARC Centre for Plant Energy Biology, Dr Anabel Sorolla Bardaji, UWA Centre for Medical Research
Project Title - 'Discovery and Characterisation of a Cancer Driver in a New Subtype of Agressive Breast Cancer'
Award - $100,000 (2016)

Investigators - Ms Belinda Guo, School of Pathology and Laboratory Medicine
Project Title - 'Early Career Cancer Researcher of the Year Award 2016'
Award - $10,000 (2016)
CHARLES DARWIN UNIVERSITY EX ARC DISCOVERY PROJECTS

Investigators - Associate Professor Lindsay Hutley, Charles Darwin University, Professor Michael Bird, James Cook University, Associate Professor Samantha Setterfield, School of Earth and Environment, Dr Jonathan Whynn, University of South Florida
Project Title - ‘Up in smoke and out to sea? Carbon, water and land use change in savanna’
Award - $70,000 (2016-17)

CHARLES STURT UNIVERSITY EX GRAINS RESEARCH & DEVELOPMENT CORPORATION GRDC

Investigators - Ms Mechelle Owen, School of Plant Biology
Project Title - ‘Surveillance of Herbicide Resistant Weeds in Australian Grain Cropping’
Award - $523,650 (2015-19)

CITY OF FREMANTLE

Investigators - Mr Anthony Duckworth-Smith, UWA Design School, Professor Joerg Baumeister, UWA Design School, Dr Julian Bolleter, UWA Design School
Project Title - ‘Fremantle Housing Diversity, Community Engagement Phase’
Award - $20,000 (2016)

CO-OPERATIVE BULK HANDLING LIMITED

Investigators - Dr Elena Mamouni Limnios, UWA Business School, Winthrop Professor Timothy Mazzarol, UWA Business School, Professor Kadambot Siddique, UWA Institute of Agriculture (IOA), Winthrop Professor Geoffrey Soutar, UWA Business School
Project Title - ‘CBH Research Program 2016’
Award - $70,000 (2016)

COOPERATIVE RESEARCH CENTRE FOR GREENHOUSE GAS TECHNOLOGIES C02CRC

Investigators - Dr Erdinc Saygin, School of Earth and Environment, Professor David Lumley, School of Physics and Astrophysics, Assistant Professor Rie Kamei, School of Earth and Environment, Dr Toby Potter, School of Earth and Environment
Project Title - ‘Otway 2C Passive Seismic Monitoring’
Award - $539,563 (2016-17)

CRC FOR LIVING WITH AUTISM

Investigators - Mr Andrew Whitehouse, UWA Centre for Child Health Research
Project Title - ‘Therapy for infants showing early signs of autism’
Award - $10,000 (2016-18)

CSIRO

Investigators - Dr Adam Siade, School of Earth and Environment, Dr Henning Prommer, School of Earth and Environment
Project Title - ‘Visitor Agreement - Development, testing and calibration of solute and reactive transport models - constraining groundwater flow rates in the Surat Basin through environmental tracer and hydrochemical data’
Award - $115,000 (2016)

DEMENTIA COLLABORATIVE RESEARCH CENTRES

Investigators - Dr Andrew Ford, School of Psychiatry and Clinical Neurosciences, Professor Osvaldo Almeida, School of Psychiatry and Clinical Neurosciences, Professor Leon Flicker, School of Medicine and Pharmacology, Professor Colin MacLeod, School of Psychology
Project Title - ‘Depression in People with Dementia and their Carers’
Award - $200,000 (2016)

DEPARTMENT OF EDUCATION & TRAINING

Investigators - Associate Professor David Lawrence, Graduate School of Education
Project Title - ‘Child mental health and educational outcomes - Analysis of educational outcomes from Young Minds Matter’
Award - $191,994 (2016-17)
EQUITY TRUSTEES LIMITED HOLSWORTH WILDLIFE RESEARCH ENDOWMENT

Investigators - Ms Bronwyn Ayre, School of Plant Biology  
Project Title - ‘The critical role of bird pollinators in Australia: A case study on Red and Green Kangaroo Paws (Anigozanthos manglesii)’  
Award - $5,000 (2016)

Investigators - Miss Erika Roper, School of Plant Biology  
Project Title - ‘The adaptation of the forest red-tailed black-cockatoo (Calyptorhynchus banksii naso) to the urban environment on the Swan Coastal Plain’  
Award - $6,000 (2016)

GEOLOGICAL SURVEY OF WESTERN AUSTRALIA

Investigators - Professor Mark Jessell, School of Earth and Environment  
Project Title - ‘Stratigraphic contact analysis tool’  
Award - $100,000 (2016)

GRAFFITH UNIVERSITY EX ARC LINKAGE PROJECTS

Investigators - Professor David Lloyd, Griffith University, Professor Ming Zheng, School of Surgery, Professor Rod Barrett, Griffith University, Professor Jillianne Cook, La Trobe University, Associate Professor Daniel James, Griffith University, Dr Thor Besier, University of Auckland  
Project Title - ‘Intelligent training (iTraining) for the human Achilles tendon [ARC Funds]’  
Award - $130,000 (2015-17)

Investigators - Professor David Lloyd, Griffith University, Professor Ming Zheng, School of Surgery, Professor Rod Barrett, Griffith University, Professor Jillianne Cook, La Trobe University, Associate Professor Daniel James, Griffith University, Dr Thor Besier, University of Auckland  
Project Title - ‘Intelligent training (iTraining) for the human Achilles tendon [Partner Org Funds]’  
Award - $170,000 (2015-17)

HYDRO TASMANIA

Investigators - Mr Matthew Hipsey, School of Earth and Environment  
Project Title - ‘Impact of water level manipulation in Great Lake’  
Award - $8,500 (2016)

IAN POTTER FOUNDATION

Investigators - Ms Verena Schoepf, School of Earth and Environment  
Project Title - ‘Travel Grant - 13th International Coral Reef Symposium, Honolulu, Hawaii’  
Award - $1,780 (2016)

JUVENILE DIABETES RESEARCH FOUNDATION

Investigators - Dr Timothy Jones, School of Paediatrics and Child Health, Dr Elizabeth Davis, UWA Centre for Child Health Research, Professor Donna Cross, UWA Centre for Child Health Research, Professor Elizabeth Geelhoed, School of Population and Global Health, Dr Martin de Bock, School of Paediatrics and Child Health  
Project Title - ‘The Assessment & Translation of New Diabetes Technologies Including Closed Loop Insulin Therapy - Type 1 Diabetes Clinical Research Network (T1DCRN)’  
Award - $2,300,000 (2016-19)

LLOYD’S REGISTER FOUNDATION INTERNATIONAL CONSORTIUM OF NANOTECHNOLOGIES

Investigators - Associate Professor Adrian Keating, School of Mechanical and Chemical Engineering  
Project Title - ‘Fast Night Vision Imaging - Enhancing Road Safety for Drivers and Pedestrians’  
Award - $89,122 (2016-19)

MEDICAL & HEALTH RESEARCH INFRASTRUCTURE FUND

Investigators - Professor Eric Moses, Centre for Genetic Origins of Health and Disease  
Project Title - ‘MHRIF Round 19 - Eric Moses’  
Award - $25,110 (2016)

Investigators - Dr Elizabeth Newnham, School of Primary, Aboriginal and Rural Health Care  
Project Title - ‘NIRIS 2016 - Elizabeth Newnham’  
Award - $10,000 (2016)
Investigators - Dr Phillip Melton, Centre for Genetic Origins of Health and Disease
Project Title - ‘NIRIS 2016 - Philip Melton’
Award - $10,000 (2016)

MENZIES SCHOOL OF HEALTH RESEARCH EX NHMRC CENTRES OF RESEARCH EXCELLENCE
Investigators - Dr Ruth Thornton, School of Paediatrics and Child Health
Project Title - ‘CRE ICHEAR Extension Activity - Microbiological and immunological factors predicting surgical outcomes for chronic otitis media’
Award - $72,000 (2016-17)

Investigators - Mr Christopher Brennan-Jones, School of Surgery
Project Title - ‘CRE Extension Activity - Cochrane reviews of topical interventions to treat chronic suppurative otitis media (CSOM)’
Award - $40,000 (2016-17)

MINERALS RESEARCH INSTITUTE OF WESTERN AUSTRALIA
Investigators - Professor Phillip Dight, Australian Centre for Geomechanics, Ms Chung-Min Hsieh, Australian Centre for Geomechanics, Mr Max Lee, Monash University
Project Title - ‘Rock properties to predict rockburst vulnerability in three dimensions’
Award - $1,900,000 (2016-19)

MONASH UNIVERSITY EX NCRIS AUSTRALIAN NATIONAL DATA SERVICE
Investigators - Professor Andrew Millar, ARC Centre for Plant Energy Biology, Dr Cornelia Hooper, ARC Centre for Plant Energy Biology
Project Title - ‘The Compendium of cropPAL - Phase 2’
Award - $80,000 (2016)

MURDOCH CHILDRENS RESEARCH INSTITUTE EX NHMRC GENOMICS TARGETED CALL FOR RESEARCH TCR
Investigators - Professor Nigel Laing, UWA Centre for Medical Research, Professor Peter Leedman, UWA Centre for Medical Research, Professor Michael Millward, School of Medicine and Pharmacology, Professor David Mackey, Centre for Ophthalmology and Visual Science, Associate Professor Aleksandra Filipovska, UWA Centre for Medical Research
Project Title - ‘Preparing Australia for Genomic Medicine: A proposal by the Australian Genomics Health Alliance’
Award - $264,107 (2016)

NATIONAL HEART FOUNDATION
Investigators - Ms Jing Pang, School of Medicine and Pharmacology
Project Title - ‘Bendat Family Foundation Scholarship’
Award - $10,000 (2016)

NEWMONT MINING SERVICES PTY LTD
Investigators - Dr Nicolas Thebaud, School of Earth and Environment
Project Title - ‘Mineral Footprint and 4D Architecture of the Callie Gold Deposit’
Award - $314,550 (2016-19)

NHMRC PARTNERSHIP PROJECTS
Investigators - Dr Catherine Taylor, Graduate School of Education, Dr Stephen Zubrick, Graduate School of Education, Professor Alison Venn, University of Tasmania, Professor David Preen, School of Population and Global Health, Dr Emily Hansen, University of Tasmania
Project Title - ‘Pathways to better health education outcomes for Tasmania’s children’
Award - $593,174 (2016-18)

NSW DEPARTMENT OF PRIMARY INDUSTRIES
Investigators - Dr Janine Croser, School of Plant Biology, Dr Federico Ribalta, School of Plant Biology
Project Title - ‘Recombinant inbred line Cicer population development for Dr Kristy Hobson and NSW DPI using aSSD technology at the University of Western Australia’
Award - $70,000 (2016)

PRIMATE CONSERVATION INC
Investigators - Dr Cyril Grueter, School of Anatomy, Physiology and Human Biology, Ms Alexandra Miller, Student Body
Project Title - ‘Understanding the social structure and ecological basis for the formation of ruwenzori colobus monkey super groups’
Award - $4,350 (2016)
PRODUCTIVITY COMMISSION
Investigators - Professor Peter Robertson, UWA Business School
Project Title - 'The Economywide Impacts of Migration - General Equilibrium Modelling'
Award - $4,000 (2016)

SOUTH WEST CATCHMENTS COUNCIL (NHT)
Investigators - Emeritus Professor Lynette Abbott, School of Earth and Environment, Dr Sasha Jenkins, School of Earth and Environment, Mr Ian Waite, School of Earth and Environment, Dr Zakaria Solaiman, School of Earth and Environment
Project Title - 'Soil microbial processes associated with retention of soil carbon after application of composted manure to dairy pastures'
Award - $23,725 (2016-17)

SOUTHERN CROSS UNIVERSITY EX ARC LINKAGE PROJECTS
Investigators - Professor Bradley Eyre, Southern Cross University, Mr Matthew Hipsey, School of Earth and Environment, Dr Badin Gibbes, University of Queensland, Dr Dirk Erler, Southern Cross University, Dr Damien Maher, Southern Cross University, Dr James Udy, Healthy Waterways Ltd
Project Title - 'Unravelling the drivers of greenhouse gas emissions in estuaries'
Award - $289,055 (2015-17)

ST VINCENT'S HEALTH AUSTRALIA
Investigators - Professor Paul Flatau, UWA Business School, Associate Professor Lisa Wood, School of Population and Global Health, Dr Karen Martin, School of Population and Global Health, Miss Shannen Vallesi, UWA Business School, Dr Elizabeth Conroy, University of Western Sydney, Dr Rebecca Reeve, University of New South Wales
Project Title - 'Evaluation of St Vincent's Hospital Melbourne Homelessness Programs ALERT, CHOPS, The Cottage and Prague House'
Award - $90,909 (2016)

SYLVIA & CHARLES VIERTEL CHARITABLE FOUNDATION
Investigators - Professor Ryan Lister, UWA Centre for Medical Research
Project Title - 'Natural and artificial regulation of the human epigenome in neural differentiation and plasticity'
Award - (2015-19)

THE CHRISTENSEN FUND
Investigators - Professor James Leach, School of Social Sciences
Project Title - 'Toolkit to Facilitate the Collaborative Documentation and Revaluation of Biocultural Knowledge in PNG and Vanuatu'
Award - $26,400 (2016)

UNIVERSITY OF MELBOURNE EX ARC DISCOVERY PROJECTS
Investigators - Dr Larissa McLean Davies, University of Melbourne, Dr Wayne Sawyer, University of Western Sydney, Professor Philip Mead, School of Humanities, Professor Brenton Doecke, Deakin University, Professor Lyn Yates, University of Melbourne
Project Title - 'Investigating literary knowledge in the making of English teachers.'
Award - $93,409 (2016-19)

UNIVERSITY OF MELBOURNE EX ARC LIEF
Investigators - Professor Abbas Rajabifard, University of Melbourne, Professor Robert Stimson, University of Melbourne, Professor Bill Randolph, University of New South Wales, Prof Christopher Pettit, University of New South Wales, Professor Jane Hunter, University of Queensland, Associate Professor Jonathan Corcoran, University of Queensland, Dr Sharon Biermann, School of Earth and Environment, Associate Professor Robert Tanton, University of Canberra
Project Title - 'Urban Analytics Data Infrastructure'
Award - $50,030 (2016)

UNIVERSITY OF MELBOURNE EX DEPARTMENT OF HEALTH
Investigators - Mr Craig Allen, School of Primary, Aboriginal and Rural Health Care
Project Title - 'Public Health Indigenous Leadership in Education (PHILE) - Choose Your Own Adventure: The Learning is the Storey & The Oldest Living Culture in the Digital Medium: Recording Teaching'
Award - $10,000 (2016)
UNIVERSITY OF NEW SOUTH WALES EX AUSTRALIAN HOUSING & URBAN RESEARCH INSTITUTE

Investigators - Associate Professor Kristy Muir, University of New South Wales, Professor Paul Flatau, UWA Business School, Professor Richard Heaney, UWA Business School, Dr Andrea Sharam, Swinburne University of Technology, Dr Wendy Stone, Swinburne University of Technology, Dr Ariella Meltzer, University of New South Wales, Associate Professor Gillian North, Monash University
Project Title - ‘Inquiry into social impact investment for housing and homelessness outcomes’
Award - $24,266 (2016-17)

Investigators - Professor Richard Heaney, UWA Business School, Professor Paul Flatau, UWA Business School, Associate Professor Kristy Muir, University of New South Wales, Chris Mason, Swinburne University of Technology, Dr Michael Moran, Swinburne University of Technology, Dr Ariella Meltzer, University of New South Wales
Project Title - ‘The opportunities, risks and possibilities of social impact investment for housing and homelessness’
Award - $7,736 (2016-17)

UNIVERSITY OF NEW SOUTH WALES EX NHMRC PROJECT GRANTS

Investigators - Professor Sean Hood, Faculty of Health and Medical Sciences
Project Title - ‘Ketamine therapy among patients with treatment-resistant depression: a randomised, double-blind, placebo-controlled trial’
Award - $47,435 (2016)

UNIVERSITY OF SYDNEY EX INDUSTRIAL TRANSFORMATION RESEARCH

Investigators - Associate Professor Brent Kaiser, University of Sydney, Professor Richard Trethowan, University of Sydney, Dr Ulrike Mathesius, Australian National University, Professor Timothy Colmer, School of Plant Biology, Professor David Day, School of Molecular Sciences, Dr Matthew Denton, University of Adelaide, Professor Mark Adams, University of Sydney, Associate Professor Margaret Barbour, University of Sydney
Project Title - ‘Legumes for Sustainable Agriculture’
Award - $799,000 (2016-20)

UWA FELLOWSHIP SUPPORT SCHEME

Investigators - Dr Jeremy Shaw, Centre for Microscopy, Characterisation and Analysis (00012)
Project Title - ‘The magnetic properties of a magnetite particle-based magnetoreceptor proxy’
Award - $23,600 (2016)

VIC DEPARTMENT OF ECONOMIC DEVELOPMENT JOBS TRANSPORT AND RESOURCES

Investigators - Dr Janine Croser, School of Plant Biology, Dr Federico Ribalta, School of Plant Biology
Project Title - ‘Lentil Population Development for PBA Lentil Breeding Program Using aSSD Technology at UWA’
Award - $7,763 (2015)

WA DEPARTMENT OF FISHERIES EX FRDC

Investigators - Dr Renae Hovey, School of Plant Biology, Professor Gary Kendrick, School of Plant Biology
Project Title - ‘Examining the relationship between fishery recruitment, essential benthic habitat and environmental drivers in Exmouth Gulf’
Award - $150,000 (2016-18)

WA DEPARTMENT OF HEALTH

Investigators - Dr Claire Johnson, School of Surgery, Dr Moira O'Connor, Curtin University of Technology, Dr Ruth McConigley, School of Surgery
Project Title - ‘Statewide analysis of carer support in palliative care’
Award - $79,038 (2016)

Investigators - Dr Claire Johnson, School of Surgery, Dr Moira O'Connor, Curtin University of Technology, Dr Ruth McConigley, School of Surgery, Dr Kaaren Watts, School of Surgery
Project Title - ‘Gap analysis and minimum standards for supporting 24 hour support in palliative care’
Award - $86,318 (2016)

Investigators - Dr Claire Johnson, School of Surgery, Dr Moira O'Connor, Curtin University of Technology, Dr Ruth McConigley, School of Surgery, Ms Angela Ives, School of Surgery, Dr Kaaren Watts, School of Surgery
Project Title - ‘Evaluation of Metropolitan Palliative Care Consultancy Service (MPaCCS) and Talking About End of Life (TAEOL)’
Award - $92,841 (2016)
Investigators - Ms Angela Ives, School of Surgery, Dr Claire Johnson, School of Surgery, Professor Christobel Saunders, School of Surgery
Project Title - 'Environmental scan of cancer-related enterprise databases'
Award - $49,673 (2016)

WA DEPARTMENT OF LOCAL GOVERNMENT AND COMMUNITIES

Investigators - Dr Jacqueline Hutchinson, UWA Business School, Professor Elizabeth Walker, UWA Business School, Dr Janice Redmond, Edith Cowan University
Project Title - 'Retirement Planning and Women Small Business Owners (SBOS) In Remote & Regional Western Australia'
Award - $50,000 (2016)

WA DEPARTMENT OF PARKS & WILDLIFE

Investigators - Mr Matthew Hipsey, School of Earth and Environment
Project Title - 'Model Framework for Estuarine Reporting'
Award - $60,000 (2016)

WA DEPARTMENT OF PLANNING

Investigators - Associate Professor Roberta Bencini, School of Animal Biology
Project Title - 'Translocation of common brushtail possums (Trichosurus vulpecula) from Perth Zoo to Whiteman Park'
Award - $15,593 (2016)

WA DEPARTMENT OF SPORT & RECREATION

Investigators - Professor Charitha Pattiaratchi, School of Civil, Environmental and Mining Engineering
Project Title - 'Feasibility for an Artificial Surfing Reef'
Award - $17,000 (2015)

WA DEPARTMENT OF WATER

Investigators - Mr Matthew Hipsey, School of Earth and Environment
Project Title - 'Prediction in complex aquatic environments: response models for key south-west estuaries'
Award - $31,818 (2016)

Investigators - Mr Matthew Hipsey, School of Earth and Environment
Project Title - 'Water quality changes in Vasse-Wonnerup estuary system in response to surge barrier dynamics'
Award - $63,636 (2016)

WA MAIN ROADS DEPARTMENT

Investigators - Associate Professor Roberta Bencini, School of Animal Biology
Project Title - 'A comparison of live trapping with camera trapping and track counts to derive population estimates of quenda (Isoodon obesulus) on the NorthLink Project'
Award - $16,676 (2016)

WAITT FOUNDATION RAPID OCEAN CONSERVATION ROC

Investigators - Dr Dianne McLean, School of Plant Biology
Project Title - 'Port Coogee Artificial Reef Scientific Surveys'
Award - $7,091 (2016)

WESTERN AUSTRALIAN ENERGY RESEARCH ALLIANCE WAERA EX WOODSIDE R2D3

Investigators - Associate Professor Zachary Aman, School of Mechanical and Chemical Engineering, Professor Eric May, School of Mechanical and Chemical Engineering
Project Title - 'Pluto Water Handling Laboratory Study'
Award - $1,000 (2016)

Investigators - Associate Professor Zachary Aman, School of Mechanical and Chemical Engineering
Project Title - 'The Thermal-Hydraulic Characteristics of Stratified Gas-Liquid Flows'
Award - $12,000 (2016)

WOMENS HEALTH & FAMILY SERVICES

Investigators - Professor Linda Slack-Smith, Dental School, Associate Professor Angela Durey, Dental School
Project Title - 'How to Support Community-Based Organisations to Build Oral Health Capacity: An Action Research Approach'
Award - $20,000 (2016)
