AWARDS FOR EARLY CAREER POSTDOCTORAL RESEARCHERS
FOR BEST WORK ACCEPTED FOR PUBLICATION

The PVC (Research & Research Training) and the Postdoctoral Coordinator are pleased to announce a new Early Career Research Award, designed to acknowledge outstanding research accomplishments by Early Career Postdoctoral Researchers.

Five $1,000 prizes are being offered for the best work accepted for publication.

To be eligible for these awards, Early Career Postdoctoral Researchers must have had their PhD awarded after December 31, 2005. If you are unsure whether you meet the definition of a Postdoctoral Researcher please email amelia.scaffidi@uwa.edu.au.

Work Accepted for Publication

The work must be peer-reviewed and have been accepted for publication after the 1st January 2010. The work may be a paper in a scholarly journal, a book or book chapter. Publications must include a UWA byline.

Only work to which the applicant has contributed substantially will be considered. If your work received an award under the scheme entitled “prizes for higher degree by research achievements” you cannot submit the same work for this award.

The application must include the following:

- A completed Application Form.
- A copy of the final version of the accepted work.
- A copy of the article’s referees’/reviewers’ reports.
- A copy of the editor’s letter of acceptance, showing clearly submission and acceptance dates of publication.
- In the case of a published book or chapter in a published book, the applicant should comment on the standing of the publisher and the practices and rigour of the refereeing process.
- Any media coverage that has resulted from the work may also be included as supporting evidence of the impact of the work.

Four (4) hard-copies of each application must be submitted to Dr Amelia Scaffidi, Research Services, M459, by 5.00 pm Tuesday, 22nd November, 2011.

Any further queries should be directed to:
