

MOU for Access and Acquisition of Microscopy, Characterisation, Analysis and Imaging (MCAI) Equipment and Facilities in Western Australia

CRITERIA FOR INCLUSION OF EQUIPMENT AND FACILITIES

1. The asset includes microscopy, characterisation, analysis or imaging equipment and facilities which are owned by a Party to the MOU for MCAI or to which a Party has a legal right to use.
2. The asset may have been purchased via a joint initiative through which one of more Parties contributed funds, e.g. ARC LIEF grants.
3. The asset is identified by the Party who owns that asset as having available access to other Parties.
4. All assets acquired under the MOU of MCAI capital acquisition plan will automatically be included in the list of equipment and facilities.
5. A Party has absolute discretion to remove their asset nominated under this MOU by providing three (3) months written notice to the Parties.
6. A Party may nominate other equipment and facilities under this MOU, other than microscopy, characterisation, analysis and imaging equipment, with the agreement of the Management Committee.
